LOCAL NEWS

Miss Lovette Fields, of Lexington, is visiting here.

L. H. Hubbard, of Hazard, was a Whitesburg visitor.

Rev. Jas. Whicker and Pat Piersall, of Blackey, were here.

No new cases of smallpox are reported the last few days.

Rev. and Mrs. Thos. D. Walters will locate in the French Hawk property on College Hill.

Geo. H. Zimmerman returned from a business trip to Cincinnati and other points.

The foundation for the John A. Webb 2-story brick business house on Main street is nearing completion.

W. L. Bartley left for Seven Mile Ford, Va., to attend the bedside of his father who was hurt in a fall from a tree.

Henry M. Holbrook, candidate for the Legislature, returned after a tour of Perry county in the interest of his race.

Mrs. W. B. Webb, for some weeks seriously ill at her home at Sergeant, is slightly improving. A trained nurse from Lexington has been in attendance.

Mr. and Mrs. Ira Airbury of Millstone, rejoice over arrival of a nice little gentleman at their home. He has been named Roy L.

Denton-Ross-Todd Co., live Lexington merchants, are showing their appreciation of the big trade given them in the mountains by placing a nice adv. in the Eagle.

Hobert Tucker, of Jenkins, while riding horseback from his home to Whitesburg via Bottor Fork, lost a new .38 S. & W. revolver from a holster. Reward will be paid for return to Mr. Tucker, at Jenkins.

It is said that many persons in the county are again driving cars at dangerous speeds. When will people, blessed ordinarily with good sense and judgment, learn the awfulness of destroying themselves and others?

In this issue appears the announcement of J. H. (Hoss) Neice, now of Whitesburg, but reared in Upper Rockhouse section as a candidate for Jailer on the Republican ticket. "Hoss" is a hard working man, popular and will make an active campaign for the nomination.

At a sanitarium in Louisville M. G. Higgin, well known local salesman, prominent in Eastern Kentucky politics, succumbed by hanging. Mr. Higgin, suffering from melancholia, was sent from his home at Barboursville to the sanitarium for treatment. His many friends regret to learn of his sad ending.

This year the old town will make the welkin ring with big Fourth of July celebration. The Business Mens Club, alert to its best for the city and county, is steering the movement. All are expected to lend all possible aid to make the affair a success. There will be entertainment for all day and night. See adv in this issue.

If you owe the Eagle for job printing, come in and pay. When the primary is over no one must owe a cent for work. Just keep

this in mind and remember that a burnt child, and a printing office dreads fire.

June 21 was the longest day on the calendar and to the fellow in prison with smallpox it was to his notion about twice as long.

Our excellent farmer friend, Burr Tolliver, was over from Democrat and sends the Eagle to Henry Bates at Frankfort.

Louis Cook, former sheriff of our county and they say he made a good one, will announce himself a candidate in next week's Eagle. Have already done much printing for him.

Golde, one of the live merchants who has done so much to keep Neon on the map and up-to-date, is closing out his big stock of merchandise. In doing this he is offering his entire stock at un-head of bargains. See big ad in this issue. It is an actual quit-business sale.

A number of persons have recently been tried in Kentucky Circuit Courts on charges of reckless driving of autos and given two years in the penitentiary. Of course in all these cases deaths or great bodily injury to persons in the recklessly driven cars or along the traveled highways have been alleged.

The gentle rain which fell all day Tuesday was a wonderful blessing in many ways. Gardeners and growing truck was crying for moisture—farming. Farmers' depleting upon surface springs and wells were almost without water and in some sections stock was thirsting. Somewhere, whether we appreciate it or not, Providence always comes at the right time to the relief of the needy.

The bituminous coal industry in Pennsylvania is facing a precarious dilemma. Already fifty-four mines of the Pittsburgh Coal Co., one of the biggest in that section, have closed down, throwing 12,500 miners out of work. Aside from this hundreds of other mines in the bituminous regions are closing down and great suffering among laboring people is anticipated. It is expected that millions of dollars will be lost to the operators.

Geo. M. Hogg, for 15 years a leading merchant and business man of Blackey, called and says that on July 10 he will start a complete close out and quit sale of all his merchandising and drug store business at Blackey. He is tired, wants to close out all his business worries, get the money for his stocks, pay all his debts and get easy. Watch for his big July Sale and get ready to take advantage of the many rare bargains.

There is a decided general improvement and good feeling in the up-river and Elkhorn coal fields in our county. The Consolidation is said to be reaching out all its arms in coal mining and every man who will has a job. The Elkhorn Coal Corp. and the other operations are furnishing their employees with all they can. The price received for coal is still discouragingly low but miners are being paid the best price possible. Gradually all over the mining fields people employed by coal companies are realizing that operators can pay only according to the price they get for their products. They also realize that there is no blood on the part of the coal companies toward their employees and that on their part they are having the struggle of

ness going and make ends meet. That they have not succeeded in doing the latter in many months is an established fact.

Judge D. D. Fields is quite ill at his home here.

W. M. Hall, expecting to be Jailer again, was in to see us.

Big John Adams, shaking the pushes for votes, was a visitor in our city.

Henry Brown, handicapped in his race for Sheriff by smallpox, is again out and about.

The big camp meeting is still in progress at Fleming with increased interest.

The big new bridge across the Northfork is open to pedestrians but as yet cars and wagons are not allowed on it.

Mr. and Mrs. G. W. West, of the Hotel Daniel Boone, are promoting a dance for the evening of July 4 at the hotel.

Mrs. Louise Salver and son and Miss Estelle Sergeant visited Mrs. Bartram Johnson at Hazard this week.

Royal Arch Masons are asked to remember the meeting Saturday and come out. At that usual hour supper will be served by the ladies of the Eastern Star.

The social business session and supper given by Hester Chapter No. 54, Order Eastern Star, last Friday night was well attended and greatly enjoyed.

Mrs. N. H. Salver and son Ralph, of Benham, and Miss Pearl Mullins, daughter of Henderson Mullins, of Harlan, are visiting at the home of Mrs. Nellie Sergeant. Mrs. Salver is a sister to Mrs. Sergeant.

J. L. Hays, well known young attorney here, running for the Democratic nomination for County Attorney, says he will make the welkin ring about the time the nuts fall and November vespers play.

Several fellows were out first of the week with axes and saws to do up the fellow that wrote that suicidal poetry on all the candidates. Some of the boys, it seems, took it seriously, whereas it was meant only for fun.

M. A. Todd, who recently purchased the Mack Howard restaurant on Main street, is remodeling same and adding new equipment. Mr. and Mrs. Todd are experienced chefs and have long been in the restaurant and hotel business and they put on a service that cannot be excelled.

Persons digging for fish worms in some sections report that the worms are all dead, due to the tramping of so many candidates. In Neon, Jenkins, Fleming, and McRoberts, due to this same cause, they claim there is practically no hope for any mast this year.

Attorney and Mrs. French returned from a few days outing in East Tennessee visiting relatives and friends an enjoying the green fields and rolling hills and knobs of Mr. Hawk's native heath. East Tennessee along the Holsten, the Clinch and the valleys of Edens Ridge, in spring is an Elysian bower of beauty and grandeur.

Last night the thunders roared, the lightnings lit up the darkness and rain fell in torrents for several hours. This morning the

Northfork was on a tear. The heavy rains were needed to thoroughly wet the earth. Another good rain or two and crops will pass the danger points. June has been what might be designated a dry one and the old rule was that it meant a good crop year. However, July is the corn making month.

U. S. ABOLISHES DRY UNITS
With the approval of President Coolidge, Gen. Lincoln C. Andrews, Assistant Secretary of the Treasury, dealing with prohibition enforcement, decreed a new scheme whereby the offices of all the State directors and divisional chiefs as well as the mobile forces are to be abolished entirely August 1. In their place will be set up twenty-two Federal Administrators in charge of twenty-two new districts created by the new plan. A new enforcement staff will be established under each administrator.

Louisville is to be headquarters of one of the new districts, which according to information will include Kentucky and Tennessee and be known as district No. 10, and activities will be directed out of Louisville. It is believed that Sam Collins, now Kentucky State Director, is slated to be one of those to be fitted into the new organization. Collins' record has impressed Gen. Andrews, Commissioner Blair and Mr. Haynes and this leads to the belief he will be retained. It is thought all other prohibition officers now in the field in Kentucky will be relieved by duty. In the reorganization they may be reappointed.

ADAMS-THOMPSON
The Altoona, Pa., Tribune of June 17 says:

"Mr. Kerney M. Adams, of Whitesburg, Ky., and Miss Audine Elizabeth Thompson, of Altoona, were united in marriage at 8:45 Monday evening by Rev. Lloyd H. Simpson, pastor of the local first United Presbyterian church. The bride is a graduate of the University of Kentucky, Lexington, Ky., in the class of 1924, and for the last year was a teacher in the Altoona schools. Mr. Adams is also engaged in the teaching profession and is a graduate of Eastern Kentucky State Normal School and Teachers College and the University of Kentucky."

The above item refers to our good friend, Kerney M. Adams, a son of Will Adams of Cowan. It is with pleasure the Eagle offers congratulations.

THANKS TO THE BOYS

In the past three weeks the boys in the office have worked faithfully and earnestly doing all in their power to accommodate our many customers. The editor appreciates this and commends them for the vast amount of work done. They were too busy, however, to keep up the correspondence and had no time to do bookkeeping or keep straight the subscription list which is the editor's special charge and care. So this part of the business suffered. It was unfortunate that sickness came to the manager just at the time when we were getting straightened out in our new building and at a time not usually when things would come out but we hope to be stronger now and in a few days have everything straight. We feel certain our friends will appreciate the situation and bear with us. We assure all that every "kink" shall be straightened out in due time. Again thanking the boys in the office and the many friends for their business and thankfulness be back at my desk, I am,

Respectfully,
N. M. Webb, Editor.

What is the Cause?

Our good neighbor, the Jackson Times, complains that due to lack of law enforcement murders are constantly being committed in many of our best mountain counties Reaty and truly, neighbor, is it due generally to want of law enforcement that such conditions exist? No doubt in years past slackness of law enforcement, political favoritism and smoke of backbones in officials caused the sills of future crimes to be heaved and laid down, but on the whole most of the horrors precipitated among our own people are due to want of the spirit of "Love thy neighbor as thyself" The Eagle has carefully and it believes dispassionately looked over the fields particularly in Letcher and Pike counties and twenty-two new districts created by the new plan. A new enforcement staff will be established under each administrator.

Louisville is to be headquarters of one of the new districts, which according to information will include Kentucky and Tennessee and be known as district No. 10, and activities will be directed out of Louisville. It is believed that Sam Collins, now Kentucky State Director, is slated to be one of those to be fitted into the new organization. Collins' record has impressed Gen. Andrews, Commissioner Blair and Mr. Haynes and this leads to the belief he will be retained. It is thought all other prohibition officers now in the field in Kentucky will be relieved by duty. In the reorganization they may be reappointed.

PROCLAMATION

Whereas, It is the custom in Kentucky for all cities to set aside a certain week in the year for the purpose of removing all debris and other refuse that has collected on streets and vacant lots during the year, and designating such week as "Clean-up week,"

Whereas, It is the consensus of all public spirited citizens that the City of Whitesburg should be a model of cleanliness and should set an example for all her sister cities in Eastern Kentucky, and in order that there may be united effort to this end,

Therefore, I, Bert C. Bach, Mayor of City of Whitesburg, do hereby proclaim and set aside the week of June 29 to July 3 and designate same as "Clean-up Week" for said city, and hereby request that all civic organizations together with the united citizenry combine their efforts in having removed all trash, refuse, and debris from off the streets, alleys, avenues, vacant lots and all other public places in order that the spirit of cleanliness will be in evidence throughout the year.

Given under my hand this 25 day of June 1925.

Bert C. Bach, Mayor,
Attest: City of Whitesburg,
D. D. Frazier, Clerk.

TEACHERS' CONFERENCE

The teachers of the county schools are called to meet July 11 at Whitesburg for the purpose of arranging for the year's work. A full attendance is expected. On the day contracts will be signed and supplies furnished. Geo. Clarke, Supt.

Senator LaFollette Dead

Another of the world's great rights of the people were assassinated, Senator LaFollette, has passed. Bob LaFollette never lost sight of his political mission in this country and throughout his long stormy career he never lost sight of or doubted that mission. Just last year he rigged his ship, filled his bunkers, mounted the deck and set sail upon the presidential sea. He believed the fruition of a lifetime struggle was at hand, but not ready for the harvest, but not so. Many millions of those who had watched his star and followed it with sublime faith joined heart and soul to make the voyage a success, and while "Fighting Bob" felt his arduous fight his faith remained as adamant in the right and justice of his cause. In his career as an agitator and especially in pointing out to his countrymen the dangers to human rights and liberties that lurk in the high as well as low places, much good has been wrought. When the reefs, bars and other dangerous places over which our Ship of State must pass appear in sight the warning of Senator LaFollette may not be observed in vain.

The Flag, the Flag, the Dear Old Flag

The flag that can weather the storms, the blasts, lightnings and thunders of one hundred and forty eight years must be a wonderful insignia. Such the American Flag, the Red, White, and Blue, has done. Even with rebellion within when we approached apparent annihilation, to this day the old flag has never met defeat. Never boasted, never tyrannical, never yielding an inch to its foes, it has ever stood as the spirit of human freedom and human progress.

Seek Ye First the Truth

The president of a great Eastern college advises young men to seek for what is actual truth. But how shall they know it when they find it? Men are going here and there saying this is truth and that is truth and this is scarcely heralded to the world when along comes an actual demonstration, proving that neither was the truth. After all, after man has exhausted all the fountains, in the meantime exhausting all his energies in honest endeavor to know and give the world the truth, the old book of books, the Bible, in its pure and unadulterated simplicity, will blaze the pathway and mark a boundary between falsehood and truth. Science itself assisted of all its mystery and reduced a pure gold will stand as the simplest instrument of God himself and in conformity with His Word. The Bible is Inspiration, poured into vessels prepared for the purpose and as a spiritual guide has stood through every age on its own foundation undisturbed and unrooted. Men endowed with much wisdom and armed with the strength of deep research into earth's storehouses have declared many things out of harmony with their view of this book, but like the millions of others just as serious they, too, passed on leaving the Way still open, the Truth still standing and the Light marking still the only pathway to human happiness and to God.

FOR JAILER

Dear Friends—I have decided to ask the people to nominate me or Jailer Letcher county at the August primary. I was born and raised in your county and have always been a Republican. Am 37 years old and never before asked for office, neither has any member of my family stand for our county to reach the highest possible point in morality, churches, schools and better roads. I want to see you all enter to win your support for the Republican nomination. Thank you for any and all help, am, Very truly,
J. H. (Hoss) Neice.

Woman's Club

The first meeting of the sewing circle of the Womens Club was held with Mrs. Emery L. Frazier June 20. Mrs. H. S. Short assisted in entertaining. A large number were present and spent a pleasant afternoon sewing.

By the time another issue of the Eagle is in the hands of its readers June will have slipped into July and the people, honest-to-goodness people, will take upon themselves a proposition as serious as any that can possibly come into their social well being. Four years in the social and business life of Letcher county in this day means more than decades of a few years ago. The business, social moral and progress of life in the county is a big proposition. The men elected to office must be men of integrity, character and ability. The weight of great age and duty must fall on them and they must be strong enough in every particular to withstand the weight. During the waning of it the people we believe will get serious, if they are not already, and make up their minds for the very best. The Eagle has no candidate of any complexion or color in the field. It pleads only for Letcher county, the home of the noblest people in the Commonwealth.

Walker, aged 16, son of Mrs. Polly Banks, was run over, killed and horribly mangled by a train at Blackey today. He was deaf, dumb and a cripple. We extend sympathies.

John Dixon Craft, of Bottom Fork, one of our best citizens, was in to see the Eagle.

Geo. W. Whitaker, of the Elk-horn section, Republican candidate for Sheriff, was in town.

FOR REPRESENTATIVE

To the Voters of the 97th Legislative District, composed of the Counties of Perry and Letcher: I take this method of announcing myself as a candidate for Representative from this district, subject to the action of the Republican voters, both men and women, at the August primary, 1925. For fourteen years I have been a teacher in the schools of Letcher county and have ever tried to inculcate noble ideals in the hearts and minds of our boys and girls. In the World War I did my bit to preserve the world to democracy. I have always stood ready at my country's call to serve her in any capacity required. I stand ready to serve my district to the best of my ability. As my character and ability to fill the office of Representative I refer you to my neighbors and friends and any responsible citizen of my native county. If nominated I shall do all in my power to serve you well and safeguard your every interest.

Hauling Ever-Increasing Quantities of Mail

Why is the Post Office Depart-
ment of the United States more
efficient than that of any other
nation? Why do our mails
move faster and at lower rates
than mails in any other coun-
try? One of the principal rea-
sons is that the great transpor-
tation lines of America lend
their heartiest co-operation to
the Postal Authorities, pro-
viding fastest schedules, and
charging the Government very
low rates for this service.

Latest available figures show that
the receipts of the United States Post
Office Department have increased
\$40,000,000 over the corresponding
period of the year previous, an in-
crease of about 8%.

The railroads of the United States
are not only performing a great task
in providing the world's best freight
and passenger transportation, but
they are facilitating the Post Office
Department to such an extent that
you enjoy exceptional mail service.

Vacation Days

More than 8,900 Ford cars from every
section of the country visited the Yellow-
stone National Park during the open season of 93
days in 1924—evidence that for long tours as well as
short trips, the Ford is the favorite everywhere.

Ford popularity is based upon small first cost and low
operating expense. You can buy a Ford on easy pay-
ments and take a real vacation this summer—go with
the whole family to the mountains, or seashore; visit the
Yosemite Valley, the Grand Canyon, Glacier National
Park, etc. Wherever you drive you will find Ford
Dealers ready to serve and to direct you along the way.

Uneasy Tight Feeling

"I used Theodor's Black-Draught first for constipation," said Mrs. C. E. Dunlap, of R. F. D. 5, Sikeston, Mo. "I would feel dull, stupid, and have severe headaches, even feverish. I had an uneasy tight feeling in my stomach. I read quite a bit about

BLACK-DRAUGHT

Liver Medicine

I began using it and soon my bowels acted regularly and I was greatly relieved. I used it every once in a while for about 18 years.

About two years ago I found I was having indigestion, a tight smothering in my chest, then severe pain, especially after eating sweets. I commenced taking just a pinch of Black-Draught after meals, and by doing this I could eat anything.

"I gave Black-Draught to my children for colds and headaches. I can certainly recommend it."

Black-Draught is used, with satisfaction, by millions.

On the Fourth Saturday in June Whitesburg Chapter, No. 149 Royal Arch Masons will meet in Masonic Hall in stated communication to confer degrees on several companions. At the usual supper hour the ladies of Hesper Chapter O. E. S. will serve refreshments. This will no doubt be one of the most enjoyable meetings held for sometime and all companions are urged to be present.

We are authorized to announce
ARCHIE V. SERGENT

a candidate for re-election to the office of County Court Clerk, subject to the action of the Republican voters at the Primary election Aug. 1, 1925.

Mr. and Mrs. J. W. Carrico moved over from Coeburn to visit their daughter, Mrs. H. S. Short. They were accompanied by Mr. and Mrs. W. H. Brown and Miss Juanita Carrico.

FOR JUSTICE

To the Voters of Dist. 1—After due consideration of the requests of my friends I have decided to enter the race for Justice in our district. I am a Republican and seek the nomination of my party at the August primary. I stand for good roads, schools and churches and proper expenditure of the people's money. I believe in law and order and the strict enforcement of the prohibition laws. I will do my best to mete out justice to all. I solicit the votes of both men and women and thank you in advance for support. Resp.,
SPENCER ADAMS.

Jersey City, N. J.—Mr. George M. Downs writes—"When I was a trapeze performer traveling with the circus I contracted severe stomach trouble and nervous breakdown. The doctor advised operation immediately, but I was afraid of operations and put it off. A friend suggested I try Tutt's Pills, he having used them for years. After the first dose I began to feel better and would not be without them. I feel as young and full of vigor as I did when I joined the circus." At all druggists.
